

Mrs. Kowalski's 3-Year-Old Preschool Class

Fish Room News

Welcome Back!!

- ◆ We are glad to be starting a new school year! We have welcomed back old friends as well as meeting new ones. Our class is adjusting well and we are beginning to learn our daily routine.
- ◆ We have begun to prepare our classroom for a new school year by decorating it with marble painted fish and bubble wrap print fish.

Jesus Time - Jesus and the Boys and Girls

- ◆ We have begun to talk about our friend Jesus and how much He loves EVERYBODY! We have learned that He is never too busy for His children (Matthew 19:13-14).
- ◆ We have also spent a lot of time learning the song *If You're God's Happy Child*, as the children will be performing it in church Sunday, September 25th at the 9:00 am church worship service.

Colors

- ◆ **Red:** We ended our week by learning about the color red. On Thursday we read the story *Red Red Red* by Valeri Gorbachev and created Red Ink Blot pictures with dictations of what each blot looked like. We concluded on Friday by finding a variety of red items in our art center and creating a red collage.

Upcoming Week

We will continue our work with colors next week as we learn about the colors blue and yellow. During Jesus Time, we will continue to discuss the story of Jesus and the Children. We will also be taking a short trip to see and explore Zion's Church.

Reminders

If you haven't already, remember to bring your school supplies, including an extra change of clothing, a binder, and a 4x6 family photo.
